Stockley Park Golf Club

2 Longwalk Road

Stockley Park boasts one of London's finest 18-hole Championship golf courses and is set in 240 acres of rolling countryside. Since opening in 1993, it has hosted European and Senior Challenge tour events, and most recently, a number of local Professional and Amateur tournaments.

Crowned with a lake-view clubhouse, the course has over 30 miles of underground drainage, allowing excellent playing conditions all year round. And this, along with its enviable location, makes Stockley Park Golf Club one of the best public golf facilities in the country.
