Close up Nature Photography

Saturday, October 15
9:00 am - Noon

Mukwonago High School

Give yourself an excuse to get outside and explore with your camera! In this class, we will learn how to "stalk" your subject to get that perfect close-up shot! If you are curious about close-up nature photography but are also not sure if you want to invest the time and money, this may be the class to help you make that decision.

\$10
